

**Brain
Freeze!**

**These little
mindbenders are
sure to bring about
“brain freeze”
with your kids.**

20 Questions

Divide the number 20 into 4 numbers so that if 1 is added to the first number and 1 is subtracted from the second number, and if 2 is added to the third number and 2 is subtracted from the fourth number, the result of each operation will be the same.

by Sherry Timberman

Answer

4, 6, 3, 7 Result = 5
